RE: **Revision Surgery Preservation Request & Protocol**
Patient Name: Patricia Cogzill
DOB: 7/4/1944
Date of Surgery: 6/3/2014

Dear Departments of Surgery and Pathology:

I represent the patient, **Patricia Cogzill**. The individuals copied below represent the Defendant, Ethicon Inc. There is no litigation pending against your facility or the treating physician in this matter. I write to request the preservation of pathology material from **Ms. Cogzill's** scheduled for **6/3/014** to be performed by **Dr. James M. Cummings**.

It is important to all parties to this lawsuit that any pathology obtained during this upcoming surgery be preserved for future analysis by the respective experts. The parties request that you preserve, photograph, and divide the specimen(s) obtained as follows:

Instructions for Immediate Preservation of the Specimen(s):

The parties request immediate preservation of the specimen(s) and will separately provide further instructions for preservation of the specimen(s) immediately upon explant.

Instructions for Division into Equal Specimen(s):

The parties request division of each specimen or specimens in equal or nearly equal portions for their respective analysis as follows:

The specimen(s) should be divided such that the amount of foreign material, if any, is approximately equal in the two samples. The division of the specimen(s) into two equal (or nearly equal) portions for the analysis by the Parties shall be as follows:

(a) Cut the specimen(s) (or each piece of the specimen) through the longest axis of the mesh part into two pieces (may or may not be the longest axis of entire tissue
(b) If there is mucosa, the cut needs to be through the point where the mesh is closest to the surface or mucosal defect/ulceration if present;
(c) If there is a nodule, the cut should be through the middle of the nodule; and
(d) Any foreign material and surrounding tissue in the specimen(s) should not be separated prior to dividing the specimen(s) in half.

If in the course of dividing the specimen(s), it becomes impossible to provide two equal (or nearly equal) halves of the specimen(s), please immediately notify the representatives of the parties listed below. The parties will confer re: access to the specimen(s) and provide further instructions re: same.

Instructions for Photographing Specimen(s) Before and After Division:

Additionally, the parties request photographs depicting the specimen(s) before and after division as follows:

Please document the method of division and photograph the specimen(s) prior to and after its division, as follows:

(a) Depicting entire specimen (or specimens, if excised in more than one part) prior to splitting, fresh, without fixative, with scale and identifiers; and
(b) Depicting entire specimen (or specimens, if excised in more than one part) after splitting, fresh, without fixative, with scale and identifiers.

In order to facilitate this request please find a HIPAA-compliant authorization for the release of the specimen(s) to be removed during this surgery, signed by **Ms. Cogzill**. Also enclosed is a chain of custody form. The parties request that this form accompany the specimen(s) when it leaves your facility.

Each party will follow-up separately with further instructions on the mode of preservation and shipping of its half of the specimen(s), and to arrange for reimbursement for any costs incurred by you for preservation, division, and shipping. Should you have any questions or concerns regarding this matter, please contact us by email directed to representatives of all parties: **Clint Casperson** ccasperson@traceylawfirm.com (counsel for Plaintiff), and **David B. Thomas** at dthomas@tcspllc.com (counsel for Defendant Ethicon Inc.).

If you are not the appropriate recipient of this request, please forward a copy of this letter to the appropriate recipient of the request. Please forward a copy of this letter to the appropriate person or entity responsible for ensuring compliance with the terms of this preservation request.

Please contact me with any questions or concerns you may have regarding this matter.

Sincerely,

Clint Casperson,
Counsel for Plaintiff
